PERSONAL PROJECTS

- **JavaScript Fighting Game - July 2022 (Hosted Project, GitHub)**: Created a 2D fighting game using JavaScript and HTML canvas. Gained experience with input/output detection and management, 2D positioning, sprite animations and physics, and sourcing suitable assets.
- **StanleyDB - August 2023 (Hosted Project, GitHub)**: Built a full stack web application that visualizes individual player statistical data from the National Hockey League. Designed, built, tested, and implemented a clean, accessible, and user experience-conscious front-end using ReactJS, Bootstrap, and React-Bootstrap. Gained experience with back-end technology including Python and FastAPI.

EXPERIENCE

- **Freelance TV Production** Pittsburgh, PA
Producer/Audio Assistant/Skilled Utility *August 2016 - Current*
 - **Producer**: Contracted with network and regional television partners to support game day production crew. Ensured the broadcast of promotional material in accordance with network standards. Prepared content formats for full length broadcasts. Worked with show director and graphics team to build on-screen elements. Worked with show director and playback editor to display dynamic replays and build highlight packages in real-time.
 - **Audio Assistant**: Assisted the lead audio technician with venue rigging, equipment testing, and tear down.
 - **Skilled Utility**: Assisted technical production crew and camera operators with building hard camera emplacements. Laid and pulled coaxial cable spools. Assisted technical production team with set build and tear down.
- **Harmony Assisted Living Facility** Morgantown, WV
Kitchen Assistant *January 2022 - July 2022*
 - **Kitchen Assistant**: Served as prep and line cook. Responsible for closing kitchen each night. Prepared vegetables and meats according to recipe or to taste. Maintained strict adherence to food safety guidelines to ensure positive dining experience for over one hundred residents. Ensured proper cleanliness of kitchen, dining areas, and preparation stations according to food safety guidelines.
- **Terra Cafe** Morgantown, WV
Barista/Prep Cook/Shift Manager *August 2015 - December 2022*
 - **Barista**: Promoted locally roasted coffee by educating customers about coffee brewing procedures, equipment, accessories and supplies. Promoted the sale of house-made baked goods and pastries. Served as the restaurant's face by welcoming customers and determined customers' needs. Fulfilled custom cake, bakery, and catering orders acting as liaison between customers and bakers/chefs.
 - **Prep Cook**: Received and unloaded shipments of food product. Maintained a clean dish area including all floors, kitchen mats, prep areas and equipment. Prepared fruits, vegetables, and meats according to recipe and/or taste.
 - **Shift Manager**: Maintained and rotated stock. Responsible for counting register cash and adhering to end-of-day procedures. Received shipments of wine and beer. Responsible for cleaning keg refrigerator and flushing and cleaning tap lines.
